**Subject:** Nmap Scan

The Internal Auditors will be conducting a security review and have asked for network details. I forwarded them a copy of our network topology and was told it was abysmal. They demanded a Nmap scan of every system in the environment and an updated topology in 2 and half hours.

Upload the output Nmap scan and updated topology as a PDF file to the Blue Team portal when you are finished. PLEASE SUBMIT AS A REPORT. THIS WILL BE GOING TO CAMPUS INTERNAL AUDIT. THEY DO NOT WANT JUST A LOG FILE OUTPUT.

Thank you.
