

**Team:** Arizona State University

**Inject Number:** 13

**Inject Duration:** 150 Minutes

**Inject Start Date/Time:** Sat, 10 Nov 2018 13:53:37 -0800

**From:** Merle Lynne

**To:** My Young Security Apprentices

**Subject:** Users can't login

I'm getting complaints that some of the team can't login. I know they have accounts, they've shown me their passwords!

Make sure their computers are tied into the domain. Verify that you can login with an account in Active Directory.

~~~~~

Deliverable: A PDF documenting proof, via screenshots, that a user exists in Active Directory, and that each system in the network is configured to use Active Directory, along with proof that you have logged in on a selection of machines with that user (3-4 systems)

Time Limit: 2 hours 30 minutes

~~~~~

All inject responses must be submitted as attachments.

- All text documents must be submitted as PDF files.  
---- All other file formats (DOC, DOCX, ODT) will lose points.
- All spreadsheets must be submitted as CSV file format only.  
---- All other file formats (XLS, ODS) will lose points.

Submissions without attachments will lose points. If the inject asks for confirmation, Create a PDF document and submit it to the portal.

All filenames must incorporate the following naming convention: Inject Number, Underscore, Team Number, File Extension

Examples:

inject03\_team02.pdf

inject14\_team19.csv

Thank you.
