Subject: Initial Audit of systems

Hope you are settled in, it's time to go to work.

Please provide me with a diagram of our network and the services that are running on the hosts.

Things I am looking for:

Operating system

Major services like web servers, remote access services, file sharing, etc.

IP addresses

A clear and concise network diagram is required. You can provide the list of services per host in table format for me to review.

Thank you.

Garey Grunnill
