Subject: Test Incident Report

Please Create a mock incident report to test your access to the system and upload confirmation

Documenting and reporting network attacks is a vital and important skill in WRCCDC and used recover points lost to Red Team exploits. There is a form located at: https://docs.google.com/forms/d/1smvFQeRru_MYeb3arffEQ7m3tcS_wnzO_7G7QN30nuA/viewform? c=0&w=1 to document Red Team activity. Teams should create a new report for each individual attack. Please be sure you note all the details for any attacks. Each team needs to log into the system now and create a mock report. After creating a report using the Google form, please upload a one sentence confirmation to the Blue Team portal letting us know you succeeded. You have 30 minutes to complete the test report and confirmation upload.

At the conclusion of this inject, a new inject will open and run the length of the competition as a reminder.
